

Green Chemistry Futures Symposium

6 February 2018, 10.30am-6.30pm
Adams Room, Nottingham Conference Centre, Burton Street, Nottingham NG1 4BU

Programme

- 10.30am** **Registration and coffee**
- 11.00am** **Welcome**
Prof Chris Moody, University of Nottingham
- 11.10am** **Designing new strategies for fluorination**
Dr Alison Stuart, University of Leicester
- 12.10pm** **Recent advances in medicinal chemistry and asymmetric catalysis**
Prof Patrick Guiry, University College Dublin
- 1.10pm** **Lunch and poster presentations**
- 2.40pm** **Electrification of synthesis and other flow chemistries**
Prof Thomas Wirth, Cardiff University
- 3.40pm** **Organic synthesis towards sustainable society**
Prof Shu Kobayashi, University of Tokyo
- 4.40pm** **Closing remarks**
Prof Sir Martyn Poliakoff, University of Nottingham
- 5.10pm** **Networking meal**
- 6.30pm** **End**
