

# **EPSRC CDT in Sustainable Chemistry Sustainable Energy Storage Symposium**

**28 November 2018**

**Seminar Room, Jubilee Conference Centre, Jubilee Campus, University of Nottingham, NG7 2TU**

## Programme

- 1.20pm Welcome**  
Prof Chris Moody, CDT Director
- 1.30pm Aprotic oxygen reduction within the lithium-air battery**  
Dr Lee Johnson, University of Nottingham
- 2.30pm Coffee break**
- 2.50pm The use of power ultrasound for the fabrication of fuel cell materials**  
Prof Bruno G. Pollet, Norwegian University of Science and Technology
- 3.50 pm Dye-sensitized photoelectrochemical systems for generating solar fuel**  
Dr Elisabeth Gibson, Newcastle University
- 4.50pm Posters session and networking**
- 5.30pm End**
